

INFORMATION PACK

Thank you for taking part in Stock the Box with your club.

The images and information in this document can be used in your fundraising as you fill up your virtual ShelterBox with different types of aid.

To get started, decide your fundraising target:

1. Choose which of the three types of shelter to fundraise for: **Dome Tent**, **UN Family Tent** or the **Sahelian Tent**.
2. Add one of the three disaster kit bundles: **Storms**, **Flooding** or **Earthquakes Kit**.
3. Consider adding **multi-purpose cash** to your fundraising target.

The sheets can be **printed for events**, and you may wish to have a **monthly fundraising target** for each part of your virtual box kit.

Some clubs may like to use a folder as their virtual ShelterBox, adding the sheets to it and reading out the information at club meetings as the fundraising targets for each are met.

Please let us know if there is anything else you would find useful (we also have sheets for each aid item) and tell us about your fundraising via:

rotaryrequest@shelterbox.org

*Aid costs are correct as of June 2023 and are typically updated annually.

1. CHOOSE WHICH TYPE OF SHELTER:

SHELTERBOX DOME TENT

People caught up in disaster need the best possible support to recover and rebuild their lives.

Having their own tent allows families to spend time together in a private space and shelter from the elements. The Dome Tent is also relatively easy to store and can be kept in the event of future crises.

In addition, our tents withstand strong winds and have a reflective exterior that shields from UV light, while ventilation windows allow the breeze to roll in.

U.N. FAMILY TENT

When families are likely to need shelter for a longer period of time, the UN Family Tent is the most appropriate.

Made from heavy duty polyester-cotton, it is designed to be weatherproof in hot and cold environments.

The technical specifications are generic, ensuring that this exact tent can be manufactured by different suppliers in various countries. As other agencies also use these tents, when we work in partnership, we can share training and know-how with them.

SAHELIAN TENT

The Sahelian Tent is designed specifically for the extreme climate of the Sahel region.

The design makes use of locally available materials for the frame, which large tarpaulins are then stretched over.

The large openings allow for cross-ventilation in the heat of the day, and an enclosed space once temperatures drop.

2.THEN ADD ANY OF THE FOLLOWING AID BUNDLES TO YOUR FUNDRAISING TARGET:

TROPICAL STORMS KIT:

£175

When hurricanes, cyclones and typhoons devastate coastal communities, this bundle helps families survive after the storm.

TROPICAL
STORMS KIT:

£175

“We received tarpaulins, a tool kit, a kitchen set, hygiene kit, as well as other things that help us come back to normal life...”

...I have had mothers who dance with joy when they open the packages.”

Risa from Vanuatu after Cyclone Harold.

**SEVERE
FLOODING KIT:**

£170

Rising water has the power to engulf and wash away homes and whole livelihoods in a short space of time.

SEVERE
FLOODING KIT:

£170

Hameed received a ShelterBox tent and lived in it with her family after the Pakistan flooding. She says it will be useful if there are more floods in future.

The mats are her favourite because they are comfortable.

EARTHQUAKES KIT:

£200

As shocks devastate whole regions, affected communities are left with nowhere safe to live and without electricity or water supply.

EARTHQUAKES
KIT:

£200

“In the first two days after the earthquake, we were just waiting to die. We are thankful to have received a new tent so we can sleep comfortably at night.”

Aleu (in Türkiye), also received a hygiene kit, a mattress and blanket, in partnership with Rotary.

3.ADD MULTI-PURPOSE CASH:

£80

By providing cash to families alongside our other items, we enable people to choose the extra materials and support they need to rebuild their homes and their lives.

MULTI-PURPOSE CASH

Ghulam's family were recipients of our cash grant scheme in Pakistan.

They bought much needed food for their young family, children's clothes for winter and they invested in a hand water pump.

FOR INSTANCE:

U.N. FAMILY TENT

+

+

MULTI-PURPOSE CASH

= A FUNDRAISING TARGET OF £660

*Please include your club name and 'Stock the Box 24' or 'STB24' when sending in donations.

Thank you for taking part in...

ShelterBox

Rotary

ShelterBox and Rotary are project partners in disaster relief. ShelterBox is a charity independent of Rotary International and The Rotary Foundation. **Charity No:** 1096479 **Company No:** 4612652.
